

## The Challenge

Frequent visits to Anna Maria inspired Melissa and her family to invest in a dual-purpose second home: a vacation retreat and a rental asset. However, living far away in Nashville raised concerns about how she could manage the property effectively, such as the property's upkeep, handling guests, and addressing any issues that might arise, which led her to explore professional property management services.

- ✓ SkyRun saves Melissa time

- ✓ SR gives Melissa peace of mind
- ✓ SR gives Melissa flexibility with renting her property

- ✓ No time to self manage
- ✓ Lived far away
- ✓ Needed flexibility
- ✓ Wanted someone local

## The Solution

Melissa and her family met a local at a restaurant who recommended SkyRun Vacation Rentals as a property manager. She reached out to Matt and was impressed by Matt's local expertise, and his hands-on approach and making the decision to partner with SkyRun an easy one. Melissa's main goal was to have her second home pay for itself through rentals while also using it for personal getaways. SkyRun helped her achieve this goal by effectively managing rentals, ensuring the property's cleanliness, and maintaining consistent communication.

*"The entire process has been incredibly smooth, providing us with a true sense of peace of mind. From property management to timely payments, it's been hassle-free. We couldn't be happier with the service provided by SkyRun."*
